

## WHAT IS IT?

ReusePass is a rent-and-return program for reusable containers. You help reduce waste on your campus when you choose to reuse.

## WHY REUSE?

### REDUCE WASTE

95% of plastics don't get recycled—even if you throw them in the blue bin! Instead, most single-use plastics end up in our oceans and landfills and bodies. Each time you choose to reuse, one less container goes to landfill.

### AVOID EMISSIONS

The production of single-use containers, even compostable ones, is a resource-intensive process. Each time you reuse, one less container needs to be manufactured, shipped over seas and delivered to your campus.

### SAVE WATER

Yes, reuse requires washing. However, this sanitization process uses less water than is required for the production of a new single-use container.

## HOW IT WORKS

### 1. JOIN

Go to [app.ReusePass.com](https://app.ReusePass.com) to create your free account.

### 2. RENT

Use your **ReusePass QR** to check out a container.

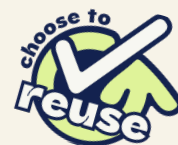

### 3. RETURN

Enjoy your **waste-free meal** and return your container within **3 days**.
